ARTICLE, “FEAR & LOVE”, FROM THE BOOK, THE GAME OF LIFE & SUCCESS – STEPS TO SELF MASTERY & HAPPINESS, BY STEVE KRUMMECK

In my book, “The Game of Life & Success – Steps to Self Mastery & Happiness”, I explore sixteen ‘steps’ that shift the reader (individually or collectively as a business / organisation) to a degree of self mastery. In this, the tenth article of the series, I explore ‘step’ nine in “The Game of Life & Success, namely “Fear and Love”.

“The more we talk about what we don’t want, or how bad it is, and read about that all the time, and then say how terrible it is, we are creating more of that” - Jack Canfield, Author

My clients, as with the population as a whole, have two deeply rooted internal drivers that influence their life, relationships, career, and businesses / organisations in a profound way. Each of these *brings about vastly different realities*, which turn out to be either negative or positive. **These drivers are the emotions fear (negative energy) and love (positive energy)**. Moment by moment, *the emotion love or fear is running your life, relationships, career, business / organisation*. The result are happiness or unhappiness, abundance, or the lack thereof, fulfilled or unfulfilled relationships, successful or unsuccessful careers and businesses / organisations.

- How can I balance conflicting priorities?
- How can I deal with surprises in time scheduling?
- What level of commitments can I handle?
